A BY-LAW

To amend the Lulu Island Local Improvement By-Law, 1891.

WHEREAS a certain by-law entitled "The Lulu Island Local Improvement By-Law, 1891," was passed by the Municipal Council of the Municipality of Richmond on the 11th day of April, A. D. 1891, and reconsidered and adopted by the said Municipal Council on the 18th day of April, A. And whereas, by resolutions passed at a Court of Revision held by the Municipal Council of Richmond for the purpose of hearing complaints against the assessment made by the said Garden, Hermon & Burwell, as shewn in the schedule attached to the said by-law, certain sections were excluded from the scheme and certain other sections which were assessed at a full rate were reduced to one-half of that rate, thereby reducing the amount of acreage liable for the cost of the said work and reducing the amount of special rate required to pay interest on and sinking fund to repay the amount required for the construction of the said work :

That it shall be lawful for the Reeve and Clerk of the said Municipal Council to borrow an additional sum of \$20,000.00 on the credit of the Corporation aforesaid, being the funds necessary for the completion of the work and purposes above recited, and place the same to the credit of the Corporation, at the Bank of British North America, in the City of Vancouver, for the said purposes aforesaid. And it shall be lawful for the said Reeve and Clerk to issue debentures of the Corporation to that amount in sums of not less than one hundred dollars each, and payable within twenty years from the date thereof, with interest at the rate of five per centum per annum, which interest shall be made payable half-yearly on the first day of March and the first day of September, respectively, in each year, such debentures to be signed by the said Reeve and Clerk, sealed with the seal of the Corporation, the same to be made payable at the Bank of British North America, Vancouver, and to have coupons attached to them for the payment of interest.

2. That the Schedule B attached to this by-law be substituted for the schedule attached to the said Lulu Island Local Improvement By-Law, 1891, which shall be used as a part of the by-law.

3. That for the purpose of paying the sums of \$50,000.00 and \$20,000.00, being the amounts charged against the said lands so to be benefited as aforesaid, the special rates as shewn in the said schedule shall be assessed and levied over and above all other rates in the same manner and at the same time each year as taxes are levied upon the lots, and parts of lots, as shewn in said schedule, and the amount of the said special rates and interest assessed as aforesaid against each lot, or part of lot, respectively, shall be divided into 20 equal parts, as shewn in said schedule, and one such part shall be assessed and levied as aforesaid in each and every year for 19 years, being the time that the debentures for \$50,000.00 issued under the authority of the said Lulu Island Local Improvement By-Law

have to run, and two-sevenths of one such part shall be assessed and levied as aforesaid in the 20th year during which the debentures issued under authority of this by-law have to run.

No. 180.

A BY-LAW

To Regulate the Construction of House or Building Connections with Public Sewers and the Sewerage and Plumbing of Buildings.

WHEREAS it is provided in the "Municipal Act, 1892," that the council of a city municipality may pass by-laws for making any regulations for sewerage or drainage that may be deemed necessary for sanitary purposes.

And whereas it is deemed expedient in the interest of the public health to provide for the construction of house or building connections with the public sewers and the sewerage and plumbing connected therewith of buildings in the City of Victoria.

Therefore, the Corporation of the City of Victoria by the Council thereof enacts as follows:—

Sec. 1. It shall be the duty of the City Engineer to make out, or cause to be made out, and report to the Council a general specification for the construction of

house or building connections with the branch, main, or common sewers, and for the sewerage and plumbing connected therewith, of all buildings to be hereafter erected in the City of Victoria.

Sec. 2. When such report or any amendment thereof has been adopted by the Council, the said specification, in its original or amended form, shall become the standard city specification for the works referred to in clause one of this By-Law.

Sec. 3. The owner of any building or premises used as a dwelling house, hotel, restaurant, saloon, shop, store, office, factory, wash-house, or otherwise, shall, provided such building or any portion thereof be within one hundred and fifty feet of a branch, main or common sewer, cause all water-closets, sinks, wash-tubs, baths, &c., in the said building and down pipes from the roof of such building, to be properly connected with such sewers in accordance with the provisions of this by law.

Sec. 4. Whenever it shall be deemed desirable to have a connection made between any building or premises and a branch, main, or common sewer, the City Engineer shall send to owner of such building or premises a written notice to have such connection made, accompanied by a copy of the standard specification aforesaid. And if, after the expiration of 30 days from the date of such notice the connection is not made in accordance with such specification the City Engineer may grant for cause under his hand such extension of time to make the connection as to him may seem necessary, or he may have the work done or remaining to be done at the expense of the owner of said building or premises, and such expense may be recovered by the Council in a summary manner from such owner.

Sec. 5. All privy vaults and cesspools in use for buildings coming under clause 3 and 4 of this by-law shall be filled up with clean dry earth or gravel and water-closets substituted therefor.

Sec. 6. The sewerage and plumbing connected therewith of all buildings, both public and private, hereafter erected in the City of Victoria, shall be executed in accordance with the specification aforesaid, and with plans approved of by the City Engineer.

Sec. 7. Suitable drawings and detailed description of the sewerage and plumbing connected therewith of any proposed building shall in every case be submitted for approval to the City Engineer by the architect of such building or premises, or by the person at whose expense such building is to be erected, and if approved said drawings or copies thereof made at the expense of the parties erecting the building shall be filed in the office of the City Engineer; all such plans to be legibly drawn in ink on heavy white paper or on tracing cloth to a scale of eight feet to the inch.

Sec. 8. The architect or person erecting any building shall send due notice to the City Engineer when the construction of the said building is sufficiently far advanced for the inspection of the sewerage and plumbing aforesaid, and no part of any such sewerage and plumbing shall be covered up or concealed in any way until after it has been examined and approved in writing by the City Engineer.

Sec. 9. Whenever called upon so to do by the City Engineer the owner of any building erected in the City of Victoria prior to the passing of the by-law shall forward to the office of the City Engineer to be placed on file drawing and description of the sewerage and plumbing connected therewith of said building.

Sec. 10. No other person other than a licensed plumber, or authorized pipe-layer, as the case may require, shall be employed or permitted to make any connection with a branch, main, or common sewer, or with any sewer leading thereto, or to do any plumbing connected with the sewerage of any building.

Sec. 11. No extension of any sewerage work previously accepted, or alteration to or new connections with such work, shall be made, except under the authority of the City Engineer, as provided for in this by-law.

Sec. 12. In tenement houses containing more than one family, there shall be one water-closet for each family, and a separate cistern for each closet; in other houses, however, a group of closets, but not water-closets on different floors, may be supplied from one tank.

Sec. 13. Except as provided in section 14 of this by-law, no person shall construct, reconstruct, alter, or extend any portion of the sewerage or plumbing work connected therewith of any building or premises, or make connection of such with any branch, main, or common sewer, unless he shall have previously made application for and obtained a permit therefor; such

application is to be made upon the printed form supplied at the office of the City Engineer.

Sec. 14. A permit shall be granted or refused within seven days of the time of filing the application, and the permit of the City Engineer (if granted) shall be valid for three months from the date of issue, but no street shall be used for the purpose of making connection with any branch, main, or common sewer for a greater length of time than the time mentioned in the permit.

Sec. 15. If the City Engineer shall find that the said plans and detailed description does not conform with the requirements of the specification adopted from time to time by the Council in respect to the sewerage, and plumbing connected therewith, of buildings and premises in the City of Victoria, he shall not issue any permit for such sewerage or plumbing, and it shall be unlawful to proceed therewith.

Sec. 16. After a plan and detailed description have once been approved of by the City Engineer, no alteration or deviation from the same will be allowed, except on the written authority of the said Engineer.

Sec. 17. All existing sewers conveying sewage from any premises into any surface drain, box drain, cess-pool, or other receptacle, or discharging sewage into the harbour or upon the shore of the Straits of Fuca, shall, so soon as a sewer is constructed in a street adjoining such premises, be disused, taken up, relaid, altered, improved, or reconstructed, as the City Engineer may deem advisable, in conformity with the specification provided for in this by-law, and shall be used for the conveyance of sewage only, and such proportion, if any, of roof water as may be determined upon by the City Engineer, and shall be connected with the general sewerage system of the city.

Sec. 18. No exhaust from steam engines, or blow-off from steam boilers, shall be connected with either public or private sewers.

Sec. 19. No person shall use any sewer in an improper manner, by placing or allowing any substance other than ordinary sewage to enter the sewer through opening, trap, or fitting connected therewith.

Sec. 20. The expense of keeping in repair branch sewers to buildings and premises shall be borne by the proprietor of the building or premises using any such branch sewers. If any such branch sewers, or the traps connected therewith, shall at any time become choked by reason of the admission or placing therein substances other than ordinary sewage matter, the owner or occupier of the premises drained by such sewer shall defray the cost of cleaning the sewer.

When two or more premises are drained by any branch sewer, the City Engineer shall determine by whom and in what proportion the cost of repairs, or of removing any obstructions, shall be paid.

Sec. 21. Any sewer, soil pipe, waste pipe, ventilating pipe, water closet, urinal, sink, or other fitting, laid, used, or constructed otherwise than in accordance with this by-law, or the specification approved of by the Council, or which shall, in the opinion of the City Engineer, be or become bad or defective in quality, shall, upon notice in writing from the City Engineer, be removed or repaired in the manner determined and within the time fixed by the City Engineer; and the City Engineer may, should he think fit after the notice, remove or repair the said defective sewer or fitting, and charge the owner or occupier of the premises with the cost incurred.

Sec. 22. No arrangement shall be made for supplying water-closets except by self-closing cocks, and no arrangement shall be made for cleaning water-closets or privy vaults by waste pipes from wash-basins or sinks, or by any other means of evasion; but they shall be fitted up with the fixtures and appurtenances belonging to them respectively.

Sec. 23. All openings for ventilation made in accordance with the specification adopted by the Council shall at all times be kept open and perfectly free from obstruction. Every occupier shall see that all openings to drains upon his premises, whether for ventilation or otherwise, and all traps and other fittings, are at all times in good order, clean, and free from obstruction.

Sec. 24. The City Engineer, or other person acting under his authority, may, upon giving due notice, enter, at all reasonable hours, into any house or premises connected with the sewers in order to examine whether the sewers and fittings in such house or premises are in proper order. Any person refusing such admission, or in any way hindering such officer in the execution of his duty, shall be liable to the penalty hereinafter mentioned.

Sec. 25. No person shall remove the cover of any man-hole, ventilator, or flush-tank, unless duly authorized by the City Engineer, or shall deposit rubbish or garbage of any description in any sewer, man-hole, gully-trap, ventilator, or flush-tank.

Sec. 26. Wherever the words "City Engineer" occur in this by-law or in the said specification, they shall be taken to mean the person holding the office of City Engineer for the time being, or such other person as may be duly authorized to act in his behalf.

Sec. 27. Any person violating any of the provisions of this by-law shall be liable to a penalty not exceeding fifty dollars.

Sec. 28. This by-law may be known as the "Sewer Connection Regulation By-Law, 1892."

BY-LAW No. 168.

A By-Law to amend By-Law No. 155, and to repeal By-Law No. 161, amending the same.

WHEREAS it is deemed desirable to amend By-law No. 155, entitled "A By-law to enable the City of Vancouver to raise the sum of \$111,100 for the purposes hereinafter set out," in order, amongst other things to provide for the payment of the City's share of the debt.

Therefore the Municipal Council of the Corporation of the City of Vancouver enacts as follows:—

1. By-law No. 161, entitled "A By-law to amend By-law No. 155," and passed on the 3rd day of October, A.D. 1892, is hereby repealed.

2. By-law No. 155 is hereby amended by striking out the fourth and fifth recitals thereof and inserting the following recitals instead thereof:—

"And whereas the total amount of the debt which this by-law is intended to create is the sum of one hundred and eleven thousand one hundred dollars (\$111,100), of which the sum of seventy-three thousand five hundred and sixty-five dollars and eighty-six cents (\$73,565.86) is to be borne and paid by the real property hereinbefore specified, and the remaining sum of thirty-seven thousand five hundred and thirty-four dollars and fourteen cents (\$37,534.14) is to be borne and paid by the City at large.

"And whereas it will be necessary to raise annually, during the currency of the said debentures, the sum of \$5,554.96 for the payment of interest, and the sum of \$3,351.49 for the formation of a sinking fund for the payment of the debt making the total sum of \$8,906.45 to be raised annually as hereinafter provided.

And whereas the value of the real property hereinbefore specified as rateable under this by-law is the sum of three millions and thirty-one thousand one hundred and twenty dollars (\$3,031,120), and for the purpose of paying the said sum of seventy-three thousand five hundred and sixty-five dollars and eighty-six cents (\$73,565.86), the portion of the said debt charged thereon, it will be necessary to raise annually by special rate thereon the sum of two thousand two hundred and sixteen dollars and thirty-one cents [\$2,216.31], for the formation of a sinking fund for the payment of the principal money and the sum of three thousand six hundred and seventy-eight dollars and twenty-five cents (\$3,678.25) for the payment of the interest thereon, making the total annual sum of five thousand eight hundred and ninety-four dollars and

fifty-six cents (\$5,894.56), to be raised by special rate per foot frontage as hereinbefore set forth, and the said sum of seventy-three thousand five hundred and sixty-five dollars and eighty-six cents (\$73,565.86), and the interest thereon, portion of the debt created under this by-law, is secured by the special rate settled by this by-law on said real property and on that security only. And the annual special rate per foot frontage for paying interest and creating a yearly sinking fund for the payment of the principal of the debt is as set forth in the schedule hereof.

And wher as for the purpose of paying the said sum of thirty-seven thousand five hundred and thirty-four dollars and fourteen cents (\$37,534.14), the portion of the said debt to be borne and paid by the City at large, it will be necessary to raise annually during the period of twenty years, by special rate on all the rateable property of the City, the sum of \$1,135.18, for the formation of a sinking fund for the payment of the said principal money, and the sum of \$1,876.71 for the payment of the interest thereon, making the total annual sum of \$3,011.89 to be raised as aforesaid.

And whereas the amount of the whole rateable property of the said City, according to the last revised Assessment Roll, is the sum of \$16,855,000, and whereas the existing debentures debt of the said Municipality amounts to the sum of \$1,816,000, and no part of the principal or interest is in arrear.

3. The sixth enacting clause of By-law No. 155 is hereby repealed, and the following clause inserted instead thereof:—

"6. It shall be lawful for the Mayor of the said City to cause ten hundred and eleven or any lesser number of debentures to be issued for the purpose of raising said sum of money, each such debenture to be for at least one hundred (100) dollars, and the said debentures shall be sealed with the seal of the City and be signed by the Mayor and be countersigned by the Treasurer, and be payable within twenty years from the date on which this amending by-law takes effect, and to bear interest at the rate of five per cent. per annum, payable half-yearly on the 30th day of June and the 30th day of December in each and every year during the currency of the said debentures, at the office of the City Treasurer, in the City of Vancouver; coupons to be attached to the debentures for the payment of said interest and the principal to be payable at the Bank of British Columbia, in the City of Vancouver."

4. The seventh enacting clause of By-law No. 155 is hereby repealed and the following clause inserted instead thereof:—

"7. For the purpose of forming a sinking fund for the payment of the said debt and the payment of the interest thereon at the rate aforesaid as the same becomes due, there shall be raised and levied as follows:—As to seventy-three thousand and five hundred and sixty-five dollars and eighty-six cents (\$73,565.86), the portion thereof to be borne and paid by the real property hereinbefore mentioned and specified, there shall be levied and raised, over and above all other rates, the said annual sum of five thousand eight hundred and ninety-four dollars and fifty-six cents (\$5,894.56) in each and every year, until the said sum of seventy-three thousand five hundred and sixty-five dollars and eighty-six cents (\$73,565.86) and interest is fully paid by a special rate per foot frontage upon all the said real property according to the respective amounts, rates per foot and yearly rate hereinbefore recited and set forth, such special rate to be levied and collected in each and every year at the same time and in the same manner as ordinary taxes are levied and collected, and as to thirty-seven thousand five hundred and thirty-four dollars and fourteen cents (\$37,534.14) the portion thereof to be borne and paid by the whole Municipality of the City of Vancouver, there shall be levied and raised annually over and above all other rates, the said sum of \$3,011.89, by a special rate sufficient therefor, on all rateable property of the said City, at the same time and in the same manner as all other rates are levied and collected.

5. The ninth enacting clause of said By-law No. 155 is hereby repealed.

6. The tenth enacting clause of said By-law No. 155 is hereby amended by striking out the words "at their par value" where the same appears in said clause.
